This article covers the following two options:

1. [Instructions for students to evaluate a course](#)
2. [Instructions for faculty to access a course evaluation](#)

Note: The course evaluation link is only **activated for students 21 days prior to the last day of their course section and will remain open for 4 days following the last day** of the course section.

To determine that date, look up the sections in eWeb - it is based on the end date of each section.

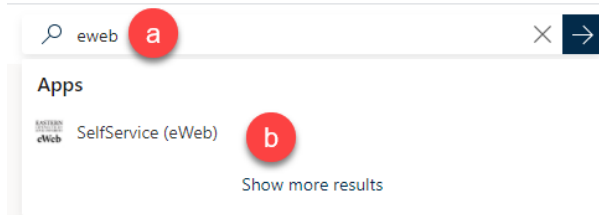

As an example: shown below - the majority of sections run - 8/26 to 12/15.

So based on the end date of 12/15 for these sections - minus 21 days = 11/24.
